

Late And Cancellation Policy

Please give us 24 hours advance notice when cancelling an appointment. This allows the opportunity for someone else to take the vacated time slot. We understand that unanticipated events happen occasionally in everyone's life. If you must cancel last minute please communicate by text to let us know.

To ensure appointment availability for all clients, if you miss three scheduled appointments without prior notice either by text or phone call, your standing appointment time may be released and offered to another client. Future appointments may be scheduled based on availability.

Late Arrivals

If you arrive late, your session will be shortened in order to accommodate appointments following yours. Regardless of the length of the session, you will be responsible for the full session.

I have read and understand the terms of the late and cancellation policy.
